District Governor On Pahokee Visit

Rotary District Governor William R. Robbins of Miami paid his official visit to the Pahokee Rotary club on Thursday of this week. He was highly complimentary of the club's many fine activities during the past year under President

Thadd Whidden, and at the beginning of a new year effective July under President B. A. Belcher.

During his term of office the Governor will visit each of the 36 Rotary Clubs of his district, the East Coast of Florida, to discuss with local club officers means of furthering Rotary's general objectives — developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

In addition to the activities of Rotary Clubs within their own communities, to promote these objectives Rotary International has spent more than \$1,750,000 in recent years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as ambassadors of good will. Since 1947 when this program was established, 709 Rotary Fellowships have been awarded to students from Daytona Beach (Wright Booth) Coconut Grove (Eugenia Horne) and Coral Gables (Owen Freed).

Pugh Wins Free Trip For Insurance Sales

M. V. Pugh, Pahokee agent for Southern Farm Bureau Insurance, has been awarded an expense paid trip to Ellinor Village at Daytona Beach for him and his family as a result of selling an increased amount of life insurance in a given period. The dates set for the trip are Aug. 16, 17, 18, 19. Mr. Pugh said. Certain rules and regulations had to be met to qualify for the contest in which he won the trip and Mr. Pugh was second in the state to qualify. This year he stands sixth in life insurance production for his company in the State of Florida.

The U. S. Department of Agriculture says household consumption of butter and margarine is on the rise.

No Charge Is Made For Information

Any misunderstanding about the county's official Host House at Juno Beach charging fees for information service was squashed Monday by the county commission. County Commissioner Kenneth Foster said there had been reports the Host House was charging for information service. Investigation, he said, disclosed that a private business in the same area was collecting fees for its services — a charge which Foster emphasized was legitimate in that it was being collected by a private firm.

Commissioner Paul Rardin queried a Chamber of Commerce delegation at the commission meeting. "Does the Host House charge fees of any kind," Rardin asked. "It does not," replied Charles Hays, chamber of commerce manager.

Funeral Services For E. B. Justice

Funeral services were conducted for Elmer Byron Justice of Miami, at Pahokee Methodist Church Sunday at 3 p. m. with the Rev. A. D. Houghin, pastor officiating.

Mr. Justice died Friday following an auto accident in which he was critically injured in Miami.

He is a native of Pahokee and a graduate of Pahokee High School. He is a Korean veteran and member of the Methodist Church. Mr. Justice is survived by his wife, Laurie; a daughter, Linda Sue and a son, Michael Thomas, all of Miami; his parents, Mr. and Mrs. B. Justice, Pahokee, two brothers, Buford and Bernard, of Gainesville; two sisters, Mrs. Erma Jane Smith, Columbia, S. C. and Mrs. Ozelma Fields, Norfolk, Va.

Burial was in Port Mayaca Cemetery with the Weatherington Funeral Home in charge of arrangements.

Breakwater Work To Start In Two Weeks

Cleary Brothers Construction Company of West Palm Beach, contractors for the construction of the new breakwater at the Pahokee waterfront, have started making some of the steel parts that will go into the breakwater and work on the project is expected to get underway within the next two weeks, according to K. C. Mock, Lake Worth engineer who planned the breakwater for the city.

A delay in the delivery of the steel piling has thrown the start of the project behind schedule, the engineer said.

TWO WEEKS REVIVAL

A two weeks' revival is being held at the First Baptist Church on Canal Street in Canal Point. The evangelistic messages are being delivered from the pulpit at the evening services by Rubin Barfield and Leo Hughes of Alabama.

A salad prepared ahead of time can be kept from becoming soggy by inverting a saucer in the bottom of the bowl. The excess moisture will run underneath. If the saucer fits too snugly, place a toothpick between it and the edge of the bowl.

Much Needed Rest Is In The Offing

About every 12 months here in The Everglades News office we get in the mood for a short vacation. A few days far from telephones, printing presses, linotypes and all the mechanical equipment so necessary to produce a good weekly newspaper will do us a lot of good. So, between now and August 24th we'll be in far away places making a sincere effort to outwit some of the flimsy tribe with our placatorial prowess. That we will be successful goes without saying, because, many years of thorough enjoyment of the national pastime of fishing is full proof that we have gained enough experience to bring 'em in and not let the big ones get away.

Many, many years ago—before the advent of too many artificial lures—such as rubber crickets, rubber worms, rubber and plastic gadgets other than regular plugs this editor was yanking them in with rubber bands. How well we remember our first afternoon's outing on the St. Lucie canal when our bait box contained nothing but a handful of rubber bands. The perch really went for these rubber bands and when we returned to tell the story a few eyebrows were arched. However, with the passing of time and the coming of all sorts of artificial lures, our critics have softened a bit and many are prone to go along with us and believe the rubber bands story.

Anyway we're going to try a few more rubber bands just out of curiosity.

Dobrow, Apelgren Are New Members Of Housing Authority

Leonard Dobrow and Robert Apelgren have been named by Mayor Lewis Friend as new members of the board of commissioners of the Pahokee Housing Authority, succeeding L. J. Fraser and Robert F. Chamberlain whose four-year terms of office as commissioners have expired.

The annual meeting of the PHA board of commissioners was scheduled to be held at 6 p. m., Aug. 10, at which time Executive Director James W. Vann was to give a report on the operations of the three farm labor supply camps controlled by PHA during the past year. Two of these labor supply centers are located on SR 15 south of Pahokee and the third is at Sand Cut.

Following the business meeting the commissioners joined their wives and other guests at a dinner at the Edelweiss Restaurant.

Cadet Stanley To Receive Commission

Cadet Millard P. Stanley, student at Georgia Institute of Technology is now in Alaska following four weeks of summer training duty at the Kelly Air Force Base in Texas. Young Stanley, who will receive a commission as second lieutenant in the USAF when he graduates from Georgia Tech next June, plans to visit his parents, Mr. and Mrs. M. P. Stanley, in Pahokee next month before the start of the fall semester at the university.

Motel Owners In Pahokee Meeting

Mr. and Mrs. Don Hillier, owners of the Grassy Waters Motel in Pahokee, were hosts to members of the Florida Motel Owners Association at an FMOA luncheon meeting in the Grassy Waters Restaurant Thursday of last week.

Principal speaker at the meeting was B. Elliott of Pahokee and Hollywood Beach, former state representative who owns two motels at Hollywood Beach. He reviewed the phenomenal growth of the motel business in Florida, stating that in the last 15 months alone new motel construction in the state represents an investment of around \$50,000,000.

Legion Will Build Addition To Hall

The Pahokee American Legion Post 90 at the regular meeting in the Legion Hall on East Main St., with the new commander, A. E. Early, presiding, voted to build a new addition to its hall. The 14 by 36-foot addition of concrete block construction will be partitioned into two rooms, one 14 by 12 and the other 14 by 24 feet. Post 90 members plans to do most of the construction work themselves.

After the new addition is completed the partition now dividing the space in the main hall will be removed and the hall will be used for square dances, barbecues and other social affairs.

A membership drive was launched at the meeting and three new members, Raymond Klipfel, L. V. McClelland and Donald Cook, were welcomed into the organization. It was announced this year's membership goal has been set at 185 as compared to 135 last year. David Unwin and A. E. Funderburk were named on the committee to direct the drive.

Plans were made to meet jointly with the Woman's Auxiliary at the first meeting in September and joint meetings with the Auxiliary will be held every first Monday night of each month thereafter during the coming year.

It was announced a group of volunteer workers from Post 90 have been cutting grass and cleaning up around the post's outdoor barbecue pit preparatory to getting the pit ready for use.

Personnel Change In Police Force

A change of personnel in the Pahokee Police Force has been announced by Police Chief Leon Guthrie.

J. C. Norwood, a former resident of Gadsden, Ala., who has lived in Pahokee for the past three years, has been employed as patrolman, replacing R. D. Sappington.

Sappington has been made general relief officer of the police, fire and waterworks departments. He replaces George Johnson who recently resigned as relief officer to accept a position with the Glades Livestock Market.

Cuba Magazine, official publication of the Cuban Tourist Commission, is being published by the Florida Speaks Publishing Co., publishers of Florida Speaks and Sunrise.

August 15 Is Day For Office Moving

Moving day for the county has been set for August 15.

Starting that day, county offices will spread out in the downtown West Palm Beach area to make way for remodeling the west wing of the courthouse.

Dee Sanderson, county purchasing agent, told the commission Monday that the trek to the county's new office building on Datura St., will get underway next week. Scheduled to move Aug. 15 are offices of the law library, civil defense, court reporter and state road department. Moving Aug. 16 will be the circuit court judges and sheriff's civil department and on Aug. 17 the county commission and county engineer.

Meantime, plans were being made by County Tax Collector Stetson Sproul to lease an office building on North Dixie at 7th St., which he will use during the court house remodeling.

The commission approved Sproul's request to rent a building which would also include enough space for County Tax Collector James Owens and his staff. Owens was out of town Monday and it was not certain that he would take the space in Sproul's building.

County Commissioner Lake Lytal suggested that the auto tag office, drivers license bureau and home-stated exemption records all be moved to the N. Dixie building in order to facilitate handling the long lines which cue up every year for these services.

Circuit Court Clerk Alex Arnette recommended that the county's micro-film operation be shut down for a year and that the operator assigned to that job be re-assigned to handle the clerk's liaison office in the Datura St. office building.

Washington Plans Beach Erosion Study

Future plans for Palm Beach County's beach erosion program will be mapped next week in Washington, D. C. at a conference called by the Federal Beach Erosion Board.

Attending the conference August 18, will be County Engineer Steve Middleton, representatives of the Town of Palm Beach, consulting engineers who are designing a sand transfer station for the Palm Beach inlet, the beach erosion board and the U. S. Engineers.

The conference, according to Middleton, has been called to check the design of a sand pumping station to be built on the north side of the Palm Beach inlet. Sand will be pumped across the inlet by under-water pipe, for deposit on the south side of the jetty where the stockpile will drift south in the ocean currents to build up the beaches.

The conference is also expected to include an initial report on a beach erosion study now underway along the entire Palm Beach County coastline.

Florida's newest tourist attraction is the fabulous Seagrass located on Rickenbacker Causeway in Miami. Giant tanks contain interesting specimens of undersea life in their natural environments.

CHAMBER ELECTION

M. P. Stanley, president of the Pahokee Chamber of Commerce, has named Leonard Dobrow, chairman, Curtis Chase, W. S. Plumer and Mrs. Alma Farrow on a committee to nominate candidates for the election of four chamber directors in October.

GETS MASTERS DEGREE

W. M. DuBose, former agriculture instructor at Pahokee High School, will receive his master's degree in agriculture from the University of Florida, Gainesville, at the commencement exercises following the end of the summer semester at the university, Aug. 13.

Florida's ten pulp mills can turn out more wood pulp in a day than can be produced in the same period in any other state except Washington and Georgia.

IS GRADUATED

Cpl. Darryl I. Davis recently was graduated from a 13-week communications course at the Infantry School of the U. S. Army, Fort Benning, Ga., according to word received by his parents, Mr. and Mrs. A. I. Davis of Pahokee.

TO RECEIVE BIDS

DANIA—Chairman Thomas B. Manuel of the State Turnpike Authority has announced that bids for the 104-mile bobtail turnpike will be received around October 15.

He stated contracts have already been awarded for grading and drainage on about half the new toll highway. The remainder of the grading and drainage bids will be received around November 1. First bids for bridge construction will be requested about September 1.

CLASSIFIED ADS PAY
 BIG DIVIDENDS

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Approval of a \$71,990 expenditure for right of way to widen U. S. Highway 1, north from the Seminole Golf Course to Jupiter, was approved by the county commission Monday.

Commissioner Kenneth Foster said about five miles of the seven mile route has already been procured within the appraised valuation of the property—about \$500 an acre.

The right of way includes relocation and construction of a new bridge across the Loxahatchee River at Jupiter.

In another action concerning the county system, the commission this week turned down a request from the Central and South Florida Flood Control Board, for removal and reconstruction of a bridge on the New North River Canal on State Road 827 in the Glades.

County Engineer Steve Middleton said there was some question as to whether the county or the state road department was responsible for the bridge.

The span was built more than 25 years ago and since that time has been taken over as part of the state highway system.

The FCD wants the bridge moved so the canal can be improved.

The commission, on advice of County Attorney Harry Johnston, voted to advise the flood control group to reopen negotiations with the state.

In other actions the commission: Approved installation of a new telephone conduit at International Airport at a cost of \$1,500.

Took under advisement, a request that the commission endorse the plans of Mackey Airlines for starting a new passenger run to Havana.

Made plans to meet with the new State Improvement Commission August 28 at Miami.

Six projects in connection with construction of the Sunshine Park tollroad through Palm Beach County were approved Monday by the county commission.

The State Turnpike Authority asked approval of plans for a marginal road in the Dillman-Pioneer Road area and plans for a new bridge in the Lake Worth Drainage District and another across the West Palm Beach Canal.

Also approved were plans for turnpike interchanges at Clift

Moore Road, which will go under the tollroad and at Monet and Hood Roads which will be overhead crossings.

The commission will meet this week with turnpike officials to review plans for other proposed interchanges on county road.

WEEKEND SCOUT TRIP

Southmaster Louis Mims and Neighborhood Commissioner Ed Carver accompanied members of Pahokee Boy Scout Troop 28 on a weekend camping trip to the Kissimmee River. The scouts planned on doing considerable advancement work at the camp, according to Southmaster Mims. The trip was made in the Pahokee Boy Scout bus.

Mr. and Mrs. M. I. Maloy have as guests their daughter, Mrs. M. M. Stowers and children of Key West.

From where I sit ... by Joe Marsh

"Light" Snack For Ducks

Coming back from Balesville the other night I noticed a powerful light at Whitey Fisher's Duck Farm. Seemed to be shining out over the water.

I stopped to ask Whitey what went on. He took me down to his pond and pointed out a 200-watt bulb—rigged up on a pole about three feet above the surface. The light was attracting thousands of insects for the ducks to eat.

Seemed kind of odd to me—but Whitey was enthusiastic. "Best idea I ever heard of," he claims. "Keeps the feed bill down—and

the bug population, too. Why do you suppose I never thought of it before?"

From where I sit, Whitey's the type who's always ready to pioneer a worth-while new trick. Me, I stick to old methods. Just a case of personal feeling, I guess... like the way you may prefer coffee with meals while I always prefer a traditional glass of beer. Not that I'd claim you're wrong—respect for the other man's opinion is my "guiding light."

Joe Marsh

FLORIDA POWER & LIGHT COMPANY

Benjamin Franklin, whose birthday is January 17, was expert in handling money and his advice is as sound today as 200 years ago. All quotations here are from his booklet, "The Way To Wealth," published 1760.

Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 *cash*. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther, Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

"Remember what Poor Richard says:
Many a Little makes a Mickle."

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save.....	\$5.80	\$11.75	\$45.00
Each week for 19 years and 8 months, save.....	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, start your Plan today!

PERSONAL NEWS NOTES

Mr. and Mrs. Perry Frierson and family have as guests this week, Mrs. Frierson's mother, Mrs. Merle Griffith, and niece, Miss Sheron Townsend, both of LaBelle.

Mrs. Ernest Maxwell of Pahokee underwent surgery at the Everglades Memorial Hospital Thursday.

Miss Arlene Batchelor has joined the nursing staff at the Everglades Memorial Hospital as a nurses aid.

Mr. and Mrs. Harlen Patton visited in Pahokee Friday while enroute from their home in St. Cloud to Miami. Mrs. Patton is a former member of the Everglades Memorial Hospital nursing staff.

Mrs. James Miller returned recently from Miami where she visited her daughter, Miss Bonnie Miller, a student at the Davis Institute of Laboratory Technology.

W. A. Connell returned recently from a visit with his son, Alonzo, who is a patient at the VA hospital in Augusta, Ga.

Mr. and Mrs. Thomas Elliott and sons have returned from a vacation spent with relatives in Shelbyville, Tenn.

M-Sgt. Burrell Davis, who recently returned to the United States from overseas duty in Germany, is spending a leave with his mother, Mrs. Leila Davis, in Pahokee.

Mr. and Mrs. H. G. Boynton have as guests at their home in Canal Point their daughter, Mrs. Max E. Beverly and sons, Joe and Kenny, of Ochlochnee, Ga.

Mr. and Mrs. Tommy Miller and children have returned from a vacation tour of the mountains in Tennessee and North Carolina, during which they visited their son-in-law and daughter, Mr. and Mrs. James Eldrod, at Richmond, N. C.

Mr. and Mrs. C. R. Woodling are spending a two weeks' vacation with relatives in Pensacola and other parts of Florida. Mrs. Betty Jean Connell will take Mrs. Woodling's place at the local Western Union office during her absence.

Mr. and Mrs. Wayne Burdshaw, accompanied by her father, P. M. Cate, Jr., are vacationing in North Carolina.

Mr. and Mrs. Joe Hatton, Sr., accompanied by their daughter, Dorothy, and by their son and daughter-in-law, Mr. and Mrs. Lester Hatton of Baton Rouge, La., have returned from a vacation trip along the Eastern Seaboard, extending north all the way to Maine.

Miss Patty Clark and Miss Patsy Batchelor, accompanied by Miss Clark's parents of Miami, are spending a vacation at Ridgecrest, N. C.

Mr. and Mrs. C. A. Stuckey have as guests her daughter, Mrs. Eugene Shultz of Gatlingburg, Tenn., and her son and daughter-in-law, Mr. and Mrs. Curtis Mock of Hartford, Mich.

2nd-Lt. A. W. Schell, Jr., of Donaldson, AFB, S. C., was a guest of Mr. and Mrs. J. T. Platt and family in Pahokee last week.

Mrs. James Seay and children were called to Memphis, Tenn., recently by the death of her father, Mr. Page.

Miss Jeannie Platt, daughter of Mr. and Mrs. J. T. Platt, is home on a month's vacation. She is a student nurse at Jackson Memorial Hospital in Miami.

Mr. and Mrs. Frank M. Wilson visited their son and daughter-in-law, Mr. and Mrs. Dennis Wilson, and son, Mark, in Tallahassee before they moved to Rochester, N. Y., where Dennis has accepted a position with a printing firm there.

They also visited their daughter, Frances, a student at Florida State University and another son, Max, student at the University of Florida before returning home. They were accompanied by Mr. Wilson's sister, Miss Sadie Wilson.

Miss Betty Harrison has been visiting her grandmother, Mrs. A. C. Horne, in Homestead while her parents, Mr. and Mrs. Roscoe Williams, and grandfather, A. C. Horne, were vacationing in Georgia.

Mr. and Mrs. James W. Vann have as guests her brother-in-law and sister, Mr. and Mrs. M. Mulkey of Vienna, Ga.

Mrs. J. S. Harrington, Sr., had as recent guests at her home near Port Mayaca her son-in-law and daughter, Judge and Mrs. Kenneth Cooksey and children of Monticello.

Pfc. Dale Maxwell has returned to Fort McPherson, Ga., after spending a leave from the Army with his parents, Mr. and Mrs. Clarence Maxwell, in Pahokee.

Adrain Galsbaldon is spending the summer at the Good Counsel Camp at Inverness.

Judy Cunningham is the guest of her uncle and aunt, Mr. and Mrs. C. D. Cunningham, at Wilmington, N. C.

Mr. and Mrs. Boyd Vorhees have as guests this week her sister, Mrs. S. P. Lee, Jr., and sons, Jimmy and Pete, of Miami.

Mrs. H. B. Cross and sister, Mrs. Joanna McCleod, accompanied by Mrs. Alma Nail, are spending a vacation with relatives in Live Oak and Port St. Joe.

Mr. and Mrs. J. S. Barwick and family have returned from a month's visit with relatives in Thomasville, Ga.

Mr. and Mrs. J. L. Underwood and family have returned to Princeton after a short visit with her brother-in-law and sister, Mr. and Mrs. Leonard Maxson, in Canal Point. They were accompanied home by their nephew, Billy Maxson, who is their guest this week.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,860.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their prompt donation, the Advertising Council and

CLASSIFIED ADS PAY BIG DIVIDENDS

Christian Science Group Of Canal Point

God's inexhaustible goodness and abundance will be brought out in the Lesson-Sermon entitled "Soul" which will be read in Christian Science Churches on Sunday.

Bible passages will include the admonition of Christ Jesus with regard to man's sustenance: "And seek not yet what ye shall eat, or what ye shall drink, neither be ye of doubtful mind. For all these things do the nations of the world seek after, and your Father knoweth that ye have need of these things. But rather seek ye the kingdom of God; and all these things shall be added unto you (Luke 12: 29-31).

Also emphasizing the importance of looking to Soul, God, rather than a mammon for happiness, a correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (60:29-31): "Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul."

Miss Marie Sapp Is Married To Harold Godwin On July 31

Miss Marie Sapp, daughter of Mr. and Mrs. M. J. Sapp of Canal Point, became the bride of Harold Godwin of Ocala in a double ring ceremony held at the Canal Point Baptist Church Sunday, July 31, at 3:30 p. m.

The vows were read by the Rev. Joe G. Clements, pastor of the church, as the couple stood before an altar decorated with white gladioli and palms. In the immediate background was a large heart made of white satin and white flowers.

Preceding the ceremony a program of nuptial music was presented by Mrs. Ronald Wright, vocalist, and Miss Dorothy Chastain, pianist, who also played the traditional wedding march.

The bride wore a white taffeta gown of ankle length fashioned princess style with scooped neckline and puffed sleeves. Her fingertip-illusion veil flowed from a tiara of seed pearls and she carried a white prayer book centered with white gamelios.

Miss Johnnie Lowery, maid of honor and the bride's only attendant, wore a pale blue taffeta gown, also of princess styling, and a blue flower hat. She carried a heart-shaped bouquet of white carnations and blue tuberose against pink net.

James A. Steel of Ocala served as Mr. Godwin's best man. A. C. Lisk of Ocala and Ronald Wright of Canal Point were ushers.

Mrs. Sapp chose for her daughter's wedding a dusty rose dress with lavender hat and white accessories.

At the reception which followed at Cypress Lodge, Port Mayaca, the bride's parents were in the receiving line with the bridal couple. Mrs. W. S. Evans, hostess, was assisted by Mrs. J. E. Williams, Mrs. Charles Maxson, Mrs. Ronald Wright, Mrs. A. R. Chastain and Miss Dorothy Chastain.

RESTAURANT CHANGES HANDS

The restaurant at the State Farmers Market, operated by Mrs. Roberts and later by Mrs. Wilson, has been sold to M. V. Pugh of Pahokee who will engage somebody to operate it next season.

Mr. and Mrs. P. A. Sizemore have returned from a two-weeks' vacation spent at Fort Myers Beach.

Personal Items

Mr. and Mrs. Clark Emery of Bryant are spending the month of August touring the Northern States and visiting relatives and friends enroute.

Mr. and Mrs. Leonard Maxson had as a guest the past week her brother, L. L. Mathis of Princeton.

Jack Stanley has returned to his home in Pahokee after spending a vacation with his grandparents, Mr. and Mrs. Homer J. Clause, at Lake Kerr. He was accompanied here by Tommy Turner of Lake Kerr who was the guest of Jack and his parents, Mr. and Mrs. Wendell Harris, for several days.

Mr. and Mrs. Leonard Maxson and family plan to leave later this month on a vacation tour of the Smoky Mountains.

Mrs. C. H. Tillis has returned to Pahokee where she is making her home with her son and daughter-in-law, Mr. and Mrs. Wiley Tillis, after a four-month visit with her son-in-law and daughter, Mr. and Mrs. Charles Estes and daughter, Woodie, at St. Simons Island, Ga. She also visited her sister, Mrs. Maggie Jordan at Vincent Mary, Fla., and friends at Lake City while away.

Mrs. Ernest Maxwell is recuperating from surgery performed last week at the Everglades Memorial Hospital.

Miss Mary Keen, who has made her home in Pahokee with her uncle and aunt, Mr. and Mrs. Manning I. Keen, for the past 18 months, has returned to her home at Winter Haven. She was accompanied by Mr. and Mrs. Keen and son, Richard, who visited there briefly before returning to Pahokee.

Mr. and Mrs. Walter Boatwright have as guests this week their aunt, Mrs. Walter McNahon of Augusta, Ga.

Miss Marcia Jean Guthrie has returned to Pahokee after spending several weeks with her father, Norwood Guthrie, and family in Miami while employed there.

Douglas Gillis Is Member Air Force

Douglas Gillis, son of Mr. and Mrs. Franklin G. Gillis, was inducted as a member of the U. S. Air Force Tuesday, Aug. 2, and left that evening by plane to take his basic training at the Lackland Air Force Base, San Antonio, Texas. On July 16, his 17th birthday, Douglas filled out his application to join the USAF. On July 28 he took his USAF examination in Miami and was top man in the class of 60 who

were examined.

This was the fifth attempt made by Douglas to get in the Service. Previously, because he was under age, the Florida National Guard and the U. S. Marine Corps had rejected him from their ranks with minority discharges after he had managed to get in, the Army turned thumbs down on him just as he was leaving for training camp and the Navy suspected his under age status early in the process of examination.

City Manager Work Explained To Rotes

The operations of city government under the city manager system were explained by Clarence E. Robinson, city manager of Belle Glade, at the Thursday luncheon meeting of the Pahokee Rotary Club, August 4.

Introduced by Edwin Rice, program chairman, the speaker said the idea of a city manager originated in Staunton, Va., in 1908 and since then this system of municipal government has become more and more popular until today 1,313 cities in the United States are run by city managers, 78 of which are located in Florida.

The group voted to establish an appropriate personal award as a supplement to the club-sponsored V. C. Denton Memorial Athletic trophy on which is annually inscribed the name of the outstanding senior athlete at Pahokee High School. Named on a special committee by President Bascom A. Belcher to select the personal award which the honored athlete is to retain in his possession were Robert McIntosh, Elmer Jones, W. K. Aldridge, Vance Denton and Robert Apelgren.

The Rev. A. D. Houghlin, new pastor of the Pahokee First Methodist Church, was introduced by Paul Rardin as a new member of the club.

Thadd Whidden, immediate past president of the club, was named chairman of a district governor nominating committee made up of past presidents of the club.

Frank J. Eaksee of West Palm Beach and Marvin Unwin and Ralph Kidder, members of the Belle Glade Rotary Club, were visitors.

HAS BIRTHDAY PARTY

Mrs. Jess M. Elliott entertained at her home recently with a bridge party in compliment to her sister, Mrs. Mildred Chapman of Lake Land, who has been a house guest of the Elliotts. Prizes were won by Mrs. Ellis Walston, Mrs. Robert Chamberlain, Mrs. L. M. Collins and Mrs. Edith Mulkey.

a castle in the air costs nothing
—but you can't live in it!

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U.S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

* * *

If you want your interest as current income, ask your bank about Series H Bonds, which pay interest semi-annually by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 5 years and 8 months, save.....	\$4.80	\$10.75	\$45.00
Each week for 10 years and 8 months, save.....	\$3.75	\$7.00	\$18.75

This chart illustrates a few typical examples of savings goals and how to attain them through Payroll Savings. Remember, you can save against your wish, from a couple of dollars a pay period up to as much as you want. The important thing is, start your Plan today!

The Everglades News

PAUL RARDIN, Publisher

STATEWIDE COVERAGE—This map of Florida shows where the patrol communication centers will be located, plus location of other tie-ins based on the legend shown at the left of the map.

Leased Wire Will Help Fight Crime

TALLAHASSEE — A statewide private leased wire communication system, designed to increase the effectiveness of the fight against crime in Florida, will soon be completed by the Florida Highway Patrol, who will extend the service to allied agencies all over the state.

State Patrol Comdr. H. N. Kirkman said today that a 13-station net, which has been in operation for the last two years, "proved the benefits" of such a system, and the current expansion will provide for a cooperative hook-up between other agencies all over Florida.

The Western Union has worked with the Patrol on a proposal for the extension of the system to include all field offices, including a projected station at Arcadia.

Comdr. Kirkman said the final step in setting up the system was culminated after the 1955 Legislature authorized funds with which to construct the Arcadia station.

Sufficient funds to finance extension of the closed wire teletype system was released by the Budget Commission, enough to put it in all stations.

The system should be completed and ready for operation by November 1, Kirkman said.

"After completion, a number of law enforcement agencies or state agencies with enforcement duties, will be tied in with the Patrol's system. They will include the state prison at Raiford, the mental hospital at Chattahoochee, the State Beverage Department, Motor Vehicle Commission and the State's Sheriff Bureau.

"Extension of our wire communication system, declared Kirkman, "will permit the Florida Highway Patrol to accept many more types of messages from other out-of-state agencies than it has been able to do in the past."

"It also will mean that we can perform smoother, more efficiently in our organized fight against crime of any nature, plus the fact that we can give assistance to many allied agencies in Florida."

Until 1953, the Patrol had only two-way radio from station to patrol cars.

The present limited set-up, including headquarters and a dozen field offices, now gives the Patrol a pretty fair statewide net. However, that efficiency will increase twofold with the extension finished.

The Florida Highway Patrol now blankets the state with its radio network, with some stretches—like between Pensacola and Marathon—800 to 900 miles distance.

The leased wire system will sup-

plement that means of communication, linking agencies to all 25 Florida Highway Patrol stations in major and small areas alike and with all important centers where the enforcement of law is concerned.

Mr. and Mrs. Brooks Henderson are now living in the residence owned by Mrs. G. L. Sims at Canal Point which was vacated by Mr. and Mrs. Robert M. Worley recently when they moved into their new home next to the Brandes residence.

Nothing GOES like a Chevrolet V8!

Drive with care... EVERYWHERE!

It's the new winner in stock car competition...

and it's winning new, young-minded friends faster than you can say America's hottest V8.

Because of its liveliness, its looks, and because it holds the road like it loves it—which it does.

Come try it, won't you, if only for the fun of it!

NOTHING
(not even the high-priced cars)
HAS GOT SO MUCH
TO GO WITH!

The most up-to-date V8

That's Chevrolet's **V8** "Turbo-Fire V8!" So efficient that it needs only 4 quarts of oil instead of the usual 5. Shortest stroke of any V8 in the industry. Delivers more horsepower per pound than any engine in Chevrolet's field.

Two Sizzling 6's

The most powerful 6's in Chevrolet's field—with all the advantages of Chevrolet's long leadership in valve-in-head engine design.

Powerglide,
Overdrive or
Synchro-Mesh

A new and finer Synchro-Mesh transmission, or, as extra-cost options, oil-smooth Powerglide automatic transmission or Touch-Down Overdrive.

New engineering advances on steering and suspension. Special ball bearings in the steering gear roll with the turn of the wheel to reduce friction. Glide-Ride front suspension rolls the bumps smooth.
